Summary

MERN Stack Developer with hands-on experience building and maintaining web applications using React.js, Node.js, Express.js, and MongoDB. Worked as a MERN Stack Developer Intern on company portfolio and dashboard applications, contributing to responsive UI development, REST API integration, and application functionality. Experienced in building and deploying full-stack projects with authentication, role-based access, and database-driven features.

Experience

SKS Global Business Solutions

Jul 2026 – Oct 2026

MERN Stack Developer Intern

- Developed and maintained the company's responsive portfolio website using React.js, Tailwind CSS, and modern frontend development practices.
- Built the dashboard application end-to-end, developing both the frontend and backend using React.js, Node.js, Express.js, and MongoDB.
- Designed and implemented REST APIs, database schemas, authentication, and backend business logic for dashboard functionality.
- Developed reusable React components, responsive interfaces, form handling, API integration, and data-driven dashboard features.
- Used Git and GitHub for version control, debugging, code management, and collaborative development.

Technical Skills

Frontend: React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Context API, React Router

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Role-Based Authorization

Database: MongoDB, Mongoose, MySQL, SQL

AI: AI API Integration, User Performance Analysis, Personalized Feedback

Programming: C++, JavaScript

Tools: Git, GitHub, VS Code, Postman, Vercel, Render, Cloudinary

Projects

Tara Typing — AI-Powered Touch Typing & Learning Platform | *MERN, Tailwind CSS, JWT*

[Live](#) | [GitHub](#)

- Built a full-stack typing platform with customizable typing tests, real-time performance tracking, daily challenges, leaderboards, user profiles, and structured typing lessons.
- Developed JWT-based authentication, role-based authorization, REST APIs, MongoDB persistence, and an Admin CMS for managing courses, lessons, and learning content.
- Implemented typing analytics including WPM, accuracy, consistency, typing history, streaks, and personalized performance tracking.
- Integrated AI-powered typing analysis to identify weaknesses, provide personalized feedback, recommend targeted practice, and generate adaptive typing exercises.
- Deployed the frontend on Vercel and backend on Render with MongoDB Atlas and Cloudinary for production-ready media management.

ShopNex — E-Commerce Platform | *MERN, Tailwind CSS, Razorpay*

[Live](#) | [GitHub](#)

- Built a full-stack MERN e-commerce platform with JWT authentication and role-based access for users and administrators.
- Implemented product browsing, search, cart management, responsive UI, and order processing using React, Tailwind CSS, and REST APIs.
- Integrated Razorpay for online payments and developed secure order and transaction handling.
- Developed an admin panel for product management, inventory updates, and order tracking with MongoDB.

Education

Sagar Institute of Science and Technology

B.Tech in Computer Science and Engineering

- CGPA: 7.13/10

2022 – 2026

Bhopal, Madhya Pradesh

Amjad Ali Ghaznavi Intermediate College

Class XII — UP Board — Percentage: 70%

2020 – 2021

Azamgarh, Uttar Pradesh

Amjad Ali Ghaznavi Intermediate College

Class X — Percentage: 61%

2017 – 2018

Azamgarh, Uttar Pradesh

Certifications

Front-End Development Certification

KG Coding

C++ Programming Certification

Itronix Solutions

Achievements

- Solved 400+ Data Structures and Algorithms problems on LeetCode.
- Earned 100 Days and 200 Days LeetCode badges through consistent problem-solving practice.
- Built and deployed full-stack web applications using the MERN stack.
