Summary

MERN Stack Developer with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, MongoDB, and REST APIs. Experienced in developing frontend and backend modules, authentication, role-based authorization, database-driven features, API integration, and responsive user interfaces. Built and deployed production-ready applications with real-time functionality, AI API integration, payment integration, cloud deployment, and secure backend practices. Strong foundation in JavaScript, C++, SQL, Git, and data structures and algorithms.

Experience

SKS Global Business Solutions

Jul 2026 – Oct 2026

MERN Stack Developer Intern

- Developed and maintained a responsive company portfolio website using React.js and Tailwind CSS, focusing on reusable components and responsive user interfaces.
- Built a dashboard application end-to-end using React.js, Node.js, Express.js, and MongoDB, contributing to both frontend and backend development.
- Designed and implemented REST APIs, MongoDB schemas, authentication, authorization, and backend business logic for dashboard modules.
- Integrated frontend interfaces with backend APIs and developed form handling, data-driven components, and reusable React components.
- Used Git and GitHub for version control, debugging, code management, and collaborative development.

Technical Skills

Frontend: React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Vite, React Router, Context API, Framer Motion

Backend: Node.js, Express.js, REST APIs, Socket.io, JWT Authentication, Role-Based Authorization

Database: MongoDB, Mongoose, MySQL, SQL

Security: JWT, HTTP-Only Cookies, Argon2, Helmet, Express Rate Limiter

AI & Integration: AI API Integration, Performance Analysis, Personalized Feedback, Razorpay Integration

Tools & Deployment: Git, GitHub, VS Code, Postman, Vercel, Render, Cloudinary, Multer

Programming: JavaScript, C++, Data Structures and Algorithms

Projects

Tara Typing — AI-Powered Touch Typing & Learning Platform | *MERN, Socket.io, AI*

[Live](#) | [GitHub](#)

- Built and deployed a full-stack MERN typing platform featuring customizable typing tests, real-time performance tracking, daily challenges, leaderboards, user profiles, and 19+ structured typing lessons.
- Developed JWT-based authentication, role-based authorization, REST APIs, MongoDB persistence, and an admin CMS for managing users, courses, lessons, and learning content.
- Implemented real-time typing analytics including Net WPM, Raw WPM, accuracy, consistency, error analysis, typing history, and streak tracking.
- Built a real-time multiplayer typing race using Socket.io with synchronized race progress, live player positions, WPM tracking, and AI racers.
- Integrated an AI Typing Coach for personalized feedback, weakness analysis, targeted practice recommendations, adaptive typing exercises, chat history, and file-based practice generation.
- Implemented secure backend practices using Argon2 password hashing, HTTP-only JWT cookies, Helmet, rate limiting, and Cloudinary media storage.
- Deployed the frontend on Vercel and backend on Render with MongoDB Atlas for production deployment.

ShopNex — E-Commerce Platform | *MERN, Tailwind CSS, Razorpay*

[Live](#) | [GitHub](#)

- Built a full-stack MERN e-commerce application with JWT authentication and role-based access control for users and administrators.
- Implemented product browsing, search, cart management, responsive interfaces, order processing, and REST API integration using React and Node.js.
- Integrated Razorpay payment processing with secure order and transaction handling.
- Developed an admin panel for product management, inventory updates, and order tracking using MongoDB and Express.js.

Education

Sagar Institute of Science and Technology

B.Tech in Computer Science and Engineering

– CGPA: 7.13/10

2022 – 2026

Bhopal, Madhya Pradesh

Amjad Ali Ghaznavi Intermediate College

Class XII — UP Board — Percentage: 70%

2020 – 2021

Azamgarh, Uttar Pradesh

Amjad Ali Ghaznavi Intermediate College

Class X — Percentage: 61%

2017 – 2018

Azamgarh, Uttar Pradesh

Certifications

Front-End Development Certification

KG Coding

C++ Programming Certification

Itronix Solutions

Achievements

- Solved 400+ Data Structures and Algorithms problems on LeetCode.
- Earned 100 Days and 200 Days LeetCode badges through consistent problem-solving practice.
